

Mommy & Me at Miller Marley

for toddler dancers, ages 18-24 months, and a parent or care provider

This 30-minute class introduces our youngest dancers to creative movement in a structured, fun environment. Along with the support of a trusted care provider, toddlers learn to build listening and coordination skills, while participating in themed story times and dance routines. Mommy & Me dancing class is an excellent opportunity to teach predictability, build friendships & lasting memories, and instill a love of the arts.
