

Under Thirteen Parental / Guardian Approval for MillerMarley.org Website Account

Miller Marley allows online accounts to be created by users that are thirteen years old and older. It is our understanding that some students under the age of thirteen (13) may wish to also have their own online account on our community website (MillerMarley.org). In order for us to grant an account and allow participation in our online community, we collect personal information including name, username, password, birthday, email address, avatar photo, and cover photo. Before collecting any personal information from your student(s) under the age of thirteen, we must obtain your written approval per FTC COPPA (Child Online Privacy Protection Act) based on the key points below.

1. This is to inform you that we must obtain verifiable parental consent (Government issued ID along with written approval) before we collect personal information from your children under the age of thirteen.
2. You have the choice to consent or disapprove of our collection and use of your child's online information. Note that we will not disclose this information outside of it's intended purpose [per point 3 below] or sell this information to third parties.
3. The information collected online is used to secure their account, to enable participation in website online activities, and to enable communication with teachers, students, administrators, families and other members of the Miller Marley website community. This use may include participating in the community, forum, blog, and class pages. The information shared can include written text, photos, and/or videos.
4. We will provide parents access to their child's personal information to review and/or have the information deleted. You also have the opportunity to prevent us from further use or online collection of your child's personal information.
5. We will maintain confidentiality, security, and integrity of the information that we collect from your children by taking reasonable steps to protect that information. We will retain the personal information collected online from your child for only as long as is necessary to fulfill the purpose for which it was collected and delete the information using reasonable measures to protect against its unauthorized access or use.
6. We encourage you to be directly involved with your child's access to the Internet and to our site. Read more at the FTC COPPA website or ProtectKids.com. (<http://business.ftc.gov/privacy-and-security/childrens-privacy>)

I provide consent for my student(s) to have an account on the MillerMarley.org website.

_____ (Parent Signature and Date)

_____ (Student Name / Age)

_____ (Parent ID Type Provided)

_____ (Office Staff Witness)
